

Meet David, former transgender; aka a detransitioner.

David was a member and advocate of/for the TransQueer Gender cult for 30+ years. There IS an agenda!

DYSphoria; DYS-an abnormal condition. PHORIA-of mental confusion. Confusion is a condition.

You canNOT be trans-identified and NOT suffer from DYSPhoria.

“I once stated, and sincerely believed, that I ‘felt like a woman.’ But that statement was absurd because I could not possibly know what a woman ‘feels like’ having never been one. Truth is, I felt like a man; a very confused, broken and mentally unstable man.”

~ David ~

Nobody has ever been
"born in the wrong
body." That is an
impossibility!

You are Fearfully and
Wonderfully made. You
are Beautiful as is!

**Suicidal Ideation
Does NOT go away
with affirmation,
wrong-sex hormones,
acceptance or "GAC."
It INCREASES!**

Transkid (boy) on female
hormones at age 14. Sterile
by age 20. Osteopenia by 25.
Osteoporosis by age 35.
Osteoarthritis, Diabetes,
Heart Palpitations, and
MUCH MORE are my own
experience. Why jeopardize
ANY child to this deviant
experiment, butchering or
mutilation?!?!?!??
